October 30, 2013

Dear Minister Taylor,

On behalf of the conference planning committee, delegates, and AYSCBC, we wish to express our appreciation for your attendance at the Fall 2013 School Councils' Conference, ***"What Kind of Education for What Kind of World?"***, held at the High Country Inn, October 24<sup>th</sup> - 26<sup>th</sup>.

Thank you for making the time to attend such a great portion of the conference—from the kick off session on Thursday evening at Beringia Centre through many hours of the proceedings on Friday and Saturday. Your presence was noticed by all and most welcome. Your interest in meeting and learning with School Councils demonstrates a desire to work together for all our Yukon students.

The conference was quite well attended, with 20 of the 26 Yukon School Councils represented. The evaluation feedback received indicated that attendees found the conference very helpful, inspirational, motivating, and provided, as usual, a great opportunity for people to share ideas, and have some meaningful networking time.

We have begun posting the presentations and resources from the conference sessions on our website for easy access at: <http://www.ayscbc.org/event-reports.html> and will continue to do so as they become available.

We also appreciate the time that members of your senior management team at Yukon Education took to attend sessions at conference. We believe the shared interest and discussion continues to be a key component of building relationships amongst partners.

Once again, we thank you for your involvement with the Fall 2013 Conference and look forward to our continued work together.

Sincerely,

Bob Laking, Chair
